

# LINKO 100 - SERIES

## Bluetooth Digital Electronic Lock

Combining a sophisticated aesthetic with high-performance engineering, this auto-deadbolt mortise elevates residential comfort through seamless, automated security.

Application

Bluetooth

IC card

High  
Security

Fingerprint

Low Voltage  
Alarming

Mechanical  
key

Passcode

Wi-Fi

SKU:LOT-24005

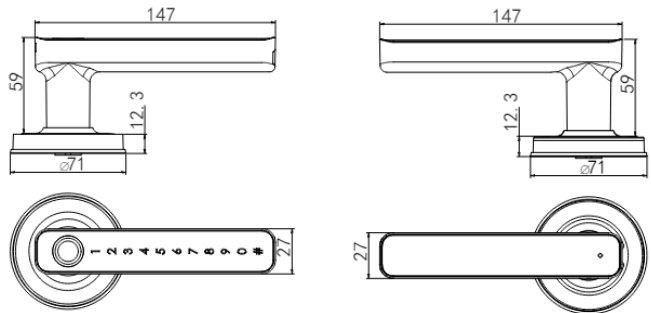

# LINKO 100 - SERIES

Exterior

Interior

Finishes

Black Nickel

## FEATURES

- ✓ Stainless steel auto deadbolt mortise with self-lubricating long-life bearings.
- ✓ Long lasting Escutcheon.
- ✓ Lock programming and audit records are not erased during battery replacement
- ✓ Powered by four (4) AAA batteries that provides up to 12-18 months normal life.
- ✓ Unlock with Application, Fingerprint, IC Card, Mechanical Key and Passcode
- ✓ Check latest 6 months' operation records in App.
- ✓ Easy to install with minimal drilling required.
- ✓ Emergency charging available when battery power is low.
- ✓ Lock case made of stainless, improve safety factor.

## TECHNICAL SPECIFICATIONS

|                     |                                                                    |
|---------------------|--------------------------------------------------------------------|
| Material            | 5# Zinc alloy, 304# stainless steel, ABS                           |
| Available Color     | Black Nickel                                                       |
| Communication       | Bluetooth 4.0 BLE or Wi-Fi                                         |
| Battery Life        | 10,000 times normal open (12 months)                               |
| Power Supply        | DC6v: 4pcs AAA Alkaline batteries                                  |
| Static Current      | 30uA                                                               |
| Dynamic Current     | <200mA                                                             |
| Unlock Method       | Application, Fingerprint, IC Card, Mechanical Key and Passcode.    |
| Unlock Time         | 1-1.5 seconds                                                      |
| Working Temperature | -25°C~70°C                                                         |
| Working Humidity    | 10%~95%                                                            |
| Available Mortise   | 60/70 Adjustable Mortise                                           |
| User Capacity       | IC Card: 200 groups, Fingerprint: 100 groups, Password: 150 groups |
| Emergency Open      | Type C power supply or Mechanical Key                              |
| Packing             | Carton box with EPE inside                                         |
| Comply to           | EN 14846                                                           |
